

LED driver, flat, 24V, 75W, IP20

Marka: **Orno** | Symbol: **OR-ZL-1683/24/75** | Ean: **5908254850875**

PRODUCT DESCRIPTION

Choose an LED driver that ensures stable operation and even illumination of your LED lighting. The 24 V / 75 W LED driver is a reliable power source for longer LED strips, profiles, and LED systems installed in kitchen furniture, display cabinets, suspended ceilings, or recesses.

Thanks to its flat design, with a height of only 19 mm, the LED driver can be easily concealed within furniture installations or behind a furniture panel.

A constant 24 V DC output guarantees uniform light output, without power drops, even when using longer cable runs.

With a high efficiency of 90%, the device uses energy effectively and does not overheat excessively. Protections against short-circuit, overload, overvoltage, and overheating safeguard the LED driver against damage.

The LED driver complies with standards EN 61347-1, EN 61347-2-13, EN 55015, and EN 61547, confirming the quality and safe operation of the product.

TECHNICAL DATA

General information:

Housing:	Obudowa z tworzywa sztucznego
Input voltage [V AC]:	220-240
Input current [A]:	0.7
Frequency [Hz]:	50/60
Output voltage [V DC]:	24
Output current [A]:	3.125
Output power [W]:	75
Power consumption:	≈0,5W
Degree of protection (IP):	IP20
Mounting:	Natynkowy
Efficiency [%]:	90
Width [mm]:	160
Height [mm]:	19
Depth [mm]:	59
Weight [g]:	237
Short Circuit protection:	Tak
Overload protection:	Tak
Over Voltage protection:	Tak
Over Temperature protection:	Tak

Autorestart:	Tak
Compliance with the standard:	Standard bezpieczeństwa: EN 61347-1, EN 61347-2-13; EMI standard: EN 55015; EMS standard: EN 61547;
