

LED neck flashlight with Li-po 1000mAh rechargeable battery, selectable light color, grey

Marka: **Virone** | Symbol: **LT-15** | Ean: **5908254842825**

PRODUCT DESCRIPTION

LED neck flashlight with Li-po 1000 mAh battery, grey. Used while book reading, during journeys or while performing minor jobs e.g. car fixing.

The neck torch directs the light exactly where you need it and thanks to precise lighting does not disturb those around you.

Thanks to adjustable neck band you may bend it at any angle and point the light wherever you want. The device is equipped with 3 lighting modes – high, mid, low, as well as in changing light color function according to your preferences.

Each site has it's switch. You may switch on both lumen at the same time or separately if you need it.

The torch is made of plastic. An added value is the convenient charging of the torch via the included USB C cable, so that the user does not need to change batteries.
