Power socket splitter 2P+E with USB-A+C charger, schuko, white-grey

Marka: **Orno** | Symbol: **OR-AE-13302(GS)** | Ean: **5908254847608**

PRODUCT DESCRIPTION

The power socket splitter with a USB charger is a functional solution for connecting two network devices and charging two mobile devices simultaneously.

The unit is equipped with one 2P+E Schuko-type protective contact socket and two USB ports (A+C). The rated current is 16 A and the maximum load reaches 3680 W, ensuring a stable and safe power supply. The supply voltage is 230V. The USB charger delivers an output current of 2.4A, a voltage of 5V and an output

power of 12W.

Thanks to the safety shutters, the device offers additional safety against possible electrocution, and the thermoplastic material used guarantees high durability. The splitter is designed for use in dry rooms not exposed to moisture (IP20).

The compact dimensions of the splitter (99x55x59 mm), allow it to be positioned in various locations. The matt surface finish gives the unit an aesthetically pleasing appearance. White-grey colour.

TECHNICAL DATA

General information:

Housing shape:	Prostokątny
Number of socket outlets with protective contact CEE 7/3 (type F):	1
Socket type:	2P+Z
Standard socket:	schuko (typ F)
Current path apertures:	Tak
Supply voltage [V].:	230
Frequency [Hz]:	50
Nominal current [A]:	16
Max. connected load [W]:	3680
USB charger:	Tak
USB port type:	USB-A+USB-C
Number of USB ports:	2
USB charger output voltage [V]:	5V/3A; 9V/2,22A; 12V/1,67A
USB charger output power [W]:	15
Average active efficiency :	0.877
Efficiency at low load (10%):	0.83
No-load power consumption:	<0,1
Material:	Tworzywo sztuczne
Material quality:	Tworzywo termoplastyczne

ORNO GROUP Sp. z o. o. All rights reserved.

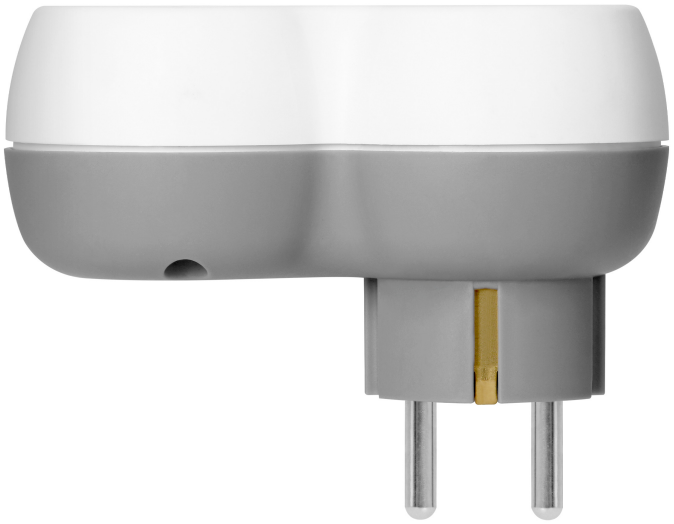

Surface finishing:	Matowy
Colour:	Biało-szary
Degree of protection (IP):	IP20
Dimensions - width [mm]:	56
Dimensions - height [mm]:	100
Dimensions - depth [mm]:	59
Weight [kg]:	0.1
