

Rounded socket splitter 3x2P+E with plug on top, Schuko, white

Marka: Orno | Symbol: OR-AE-13252(GS) | Ean: 5908254851216

ORNO

PRODUCT DESCRIPTION

The rounded socket splitter allows three electrical devices to be connected simultaneously to a single mains socket. Thanks to its compact design, it is perfect for rooms with limited space and the built-in hook allows for easy and secure installation in the desired location.

The splitter is equipped with three Schuko type sockets (2P+E) with safety shutters, which enable secure and stable connection. The central insert has been angularly rotated by 45°, making it easier to connect devices

with larger plugs. The unit is designed for operation at 230V and a maximum load of 3680W with a rated current of 16A.

The housing is made of white plastic. The IP20 rate allows for use in dry indoor conditions, at temperatures ranging from -15°C to +35°C. The dimensions measure: 52x136x76 mm.

TECHNICAL DATA

General information:

Housing shape:	Prostokątny
Number of socket outlets with protective contact CEE 7/3 (type F):	3
Socket type:	2P+Z
Standard socket:	Schuko (typ F)
Current path apertures:	Tak
Supply voltage [V]:	230
Frequency [Hz]:	50
Nominal current [A]:	16
Max. connected load [W]:	3680
Material:	Tworzywo sztuczne
Material quality:	Tworzywo termoplastyczne
Surface finishing:	Matowy
Colour:	Biały
Degree of protection (IP):	IP20
Rotated central insert:	Tak
Angle rotated central insert [°]:	45
Operating temperature [°C]:	-15 – +35
Dimensions – width [mm]:	52
Dimensions – height [mm]:	136
Dimensions – depth [mm]:	76
Weight [kg]:	0.1
